

KEMILUX takes care of your heavy duty cleaning

RUST WASH

Developed for maritime industries

RUST WASH is specially developed for maritime industries, ships and drilling-rigs. Outdoor surfaces frequently become unsightly due to running rust. The rust rarely causes any corrosion hazards of the base material, but leaves an impression of neglect.

RUST WASH is suitable against rust on metal, plastic and painted surfaces.
RUST WASH removes running rust, provides a protective layer and leaves a high gloss finish.

More than 50 years of experience
KEMILUX offers you a complete range of quality cleaning agents. KEMILUX has more than 50 years of experience as a supplier for industrial, marine environment and food processing plants. We are ISO 9001 certified and qualified in the Achilles JQS.

RUST WASH

Product:	RUST WASH is an acidic cleaning product for regular use. Suitable against rust on painted metal, plastic and painted surfaces.
Properties:	RUST WASH is a cleaning product suitable for rusty surfaces on materials such as painted metal, stainless steel, plastic, fiberglass and painted surfaces. It removes running rust. Suitable for large surfaces such as ship sides and drilling rigs.
Use:	Smear or spray on the desired area. Leave for 10 to 15 minutes. Rinse with plenty of water. Use undiluted or diluted with water as needed. Rinse off with plenty of water.
Advantages:	Removes running rust, provides a protective layer and leaves a high gloss finish.
Storage:	Store in tightly closed original container. Keep in a non-freezing place. Store securely and keep out of the reach of children.
Warning:	Corrosion hazard. Avoid contact with materials that contain chlorine, poisonous gas may be generated. Keep the product away from nylon and galvanized steel.
Safety:	Please find information about handling and disposal in the Safety Data Sheet. <i>The Safety Data Sheet can be accessed here: www.kemilux.com</i>

INSTR. FOR USE AND DOSAGE

DOSAGE:	approx. 10%
TEMPERATURE:	5-40 C°
TAKE EFFECT:	10-15 minutes

PRODUCT DATA

APPEARANCE:	Clear colourless liquid
STATE:	Liquid
ODOUR:	Faint
DENSITY G/ML:	1,10
PH CONCENTR.:	0,5
PH VALUE WHEN MIXED:	1,4

Rustvask is recommended for:

- Cleaning ship sides
- Fiberglass boats
- Outdoor cleaning of ships and drilling-rigs
- Painted metal surfaces
- Running rust

PACKAGING: 10L, 20L, 1000L
